Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

PERSONAL NAME

Rahul Sharma

(Working Professional / Loan Borrower)

EMPATHY MAP

SAY

- "I'm struggling to manage multiple loan repayments."
- "I need guidance to settle my debt."
- "I don't know if I can afford my monthly EMI."
- "I wish someone could recommend the best settlement option."

THINK

- "Will I be able to clear my debt?"
- "Is my financial situation getting worse?"
- "How much settlement amount should I negotiate?"
- "Can AI help me make better financial decisions?"

DO

- Tracks monthly loan payments.
- Searches online for debt settlement advice.
- Uses financial management applications.
- Consults banks or financial advisors.
- Looks for ways to reduce financial stress.

FEEL

- Worried about increasing debt.
- Stressed due to overdue payments.
- Uncertain about financial stability.
- Hopeful that AI can provide personalized recommendations.
- Relieved when receiving a practical settlement plan.
